CUSCO (SACRED VALLEY): VIA FERRATA **BL**

Transfer from Cusco or the Sacred Valley to Pachar, place where the climbing starts. After reaching the site, delivering the equipment and receiving a safety briefing, the rock climbing starts at 300 feet. When you get to the top and taking advantage of the amazing scenery offered by the Sacred Valley, we will have a box lunch. Upon return, a 100-meter mountain rappel is offered to make this adventure a complete experience. Finally, transfer to hotel in Cusco or Sacred Valley.

Anyone in good health and that can handle the height of the stairs can perform this activity.

The minimum age for the Sacred Valley Via Ferrata is 8 years old.

Maximum weight of 120 kg (265 lbs) to climb the via ferrata safely.

Safety: The equipment used allows the person to remain always tied up to a lifeline, which in this case is a steel cable. Through the Via Ferrata grid, the person can easily go up the road ensuring oneself with the safety snap hook system. Furthermore, one is always accompanied by a mountain guide.

suite comes complete with four beds, a dining area and a private bathroom. Measuring 24 ft. in length and 8 ft. in height and width, the capsule suites are composed of six windows and 4 ventilation ducts that ensure a comfortable atmosphere. Safety is insured by having the exit portal located in the upper part of the craft. The design and features of each suite provides you first class service and complete comfort. The alternative lighting system consists of four interior lamps and a reading light all powered by solar panels that store energy in batteries. Each suite has a private bathroom separated from the bedroom by an insulated wall. Inside is a dry ecological toilet and sink, where you can still enjoy the gorgeous views through the 1.8-meter diameter dome. The dome also has curtains for privacy from the curious gaze of passing condors (your sky neighbors). Fine quality mattresses, cotton sheets, down pillows, and quilts ensure a warm and pleasant night 400 meters from the ground.
